

Sayyid Al-Hakeem calls to use Iraqi engineering capabilities to reconstruct Iraq

On the Iraqi Engineer's Day, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, shared with the engineers of the homeland in their various specialties, ambitions, and aspirations to actively contribute to the construction of the homeland as the competent class that undertakes to draw the itinerary of development, service, investment, and other projects. H.E. urged to take advantage of the energies of this segment in the promising reconstruction campaign that awaits Iraq and invest it in the public, private, and joint sectors.
