

Sayyid Ammar Al-Hakeem denounces normalizing with usurping Zionist entity calls

Sayyid Ammar Al-Hakeem, head of the National State Powers Alliance, denounced the conferences, rallies, and calls to normalize with the usurping Zionist entity and said in a tweet on Saturday, September 25, 2021, “We denounce and reject conferences, rallies, and calls, held in Iraq, to normalize relations with the usurping Zionist entity” illustrating that the Palestinian cause represents the first Arab and Muslim cause. H.E. renewed his full support for the Palestinian people, their just cause, and their struggle to recover their usurped rights. Considering that the Palestinian cause is an imprescriptible right, rather it becomes firmly rooted in the conscience of Arabic and Islamic generations.
