

Sayyid Al-Hakeem demands Ministry of Education for second exam retake for students

Sayyid Al-Hakeem, head of the National State Powers Alliance, called upon relevant authorities to approve having the second retake of exams

His Eminence tweeted on Sunday, November 28, 2021: “The exceptional health conditions that our country had undergone, had the biggest impact on our education. This requires us to be more tolerant with our young students, who rely on the second retake of the exams to pass on to the next school stage. We call upon the relevant authorities to approve having the second retake of exams.”
