

Sayyid Al-Hakeem calls to preserve victory, hard hit terrorism

Sayyid Al-Hakeem, head of the National State Powers Alliance, called to hard hit the terrorism to maintain the victory. Saluting the blood that has mixed with the earth defending Iraq and liberating it.

His Eminence tweeted on Friday, December 11, 2021, "On the day of defeating ISIS gangs, we grand salute the victory made by our valiant armed forces of all kinds. Mercy, contentment, and immortality for our god-devoted martyrs, and speedy recovery for the wounded."

His Eminence illustrated that on a day like today, the whole world witnessed our flag rising high above our cities that were once taken by ISIS terrorism and liberated by our people after listening to the Fatwa of the Supreme Religious Authority. The blood of its components mixed in the grandest of scenes of national cohesion and unity.

Everyone is responsible and required to maintain this victory and support it through hard hits on terrorism. This terrorism today seeks to restore its activities through a few security breaches here and there.
