H.E. renewed his congratulations on the memory of the birth of Imam Al-Mahdi (AS) and stated that Iraq is the beginning of Imam Al-Mahdi's reform project, and stressed that Iraq should be at the level of this responsibility with its unity and cohesion.

His Eminence renewed his call to activate the project of Diwaniyah, the agricultural capital of Iraq, and said that this project will do justice to Diwaniyah in terms of structure and the settlement of ownership of agricultural lands and all its related items. The absence of the budget impedes the exchange process, and thus the citizen will notice the impact of this increase in his daily life.

His Eminence stressed the investment of abundance in supporting the agricultural sector and

strategic service projects and spending on suspended projects or with high completion rates, calling for the payment of farmers' dues and a review of the pricing of agricultural products and redress Diwaniyah, and granting them a budget that goes in line with the population and the proportions of the disadvantaged, with the increase in social welfare allocations and the expansion of the covered groups. H.E. indicated that the people want a government that serves its people, with the need for it to be balanced to achieve stability.
