

Sayyid Al-Hakeem warns against media machines to demonize and undermine achievements

In the guest place of Sheik Adil Sahib Al Harbi Al-Hasnawi, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met a group of Sheiks and elders of Al Jameel Bani Hasan tribe on 14/12/2022, H.E. stated that the service of Karbala is a service to its sons and visitors heading to holy Shrines in the province from all over the world.

H.E. affirmed that communication with Karbala's tribes comes within the framework of the common history H.E. shares with them, including the dear Al Jameel tribe in fighting dictatorship and combating terrorism. H.E. noted the importance of standing at the date to start with the present and future.

H.E. illustrated that the nature of political changes and impasses are the result of elections whose results have lacked balance, but thanks to the best efforts of all we have been able to overcome the crisis warning of a machine that generates negatives and skip positives. H.E. called for the positives to be a starting point for confronting the negatives, also calling for popular support of the government and giving it the full opportunity to realize the people's aspirations for employment, services, and development.
