

Sayyid Al-Hakeem: Iraq's challenges might eradicate another country

Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met several sheikhs and dignitaries of Jaliha Al-Kindiya clan on 15/12/2022. At the guest place of Sheikh Ma'an Al-Ni'ma Al-Jileihawi, H.E. recalled the bright history he shared with the sheikhs and dignitaries of Jaliha and its national figures in fighting the dictatorship and terrorism, pointing out the malicious projects that wanted to separate the clans from its political and religious leadership.

His Eminence affirmed that there are agendas aimed to spread frustration and drive the people to think that the administration and governance are not suitable for Iraq's current democracy. While the challenges of Iraq, if they were to face a different country, it would erase it from existence. H.E. called to support the government and give it enough time to express its orientations and implement its program. Reform requires patience, and wouldn't happen overnight, stressing the position of the clans and elites in supporting the government to achieve the public interest.
