

Sayyid Al-Hakeem: previous political impasse due to recent elections confusing results

From Al-Muthana, at the guest place of dear brother Sheikh Nori Azara Al Ma'joon Banu Hacheem on 22/12/2022, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met a large group of sheikhs and dignitaries of the Al Ghanim clan. His Eminence recalled the common history of this clan and the relationship of symbols and their positions at the pivotal stations of Iraq's history, noting the nature of the projects that had struck Iraq, including the challenge of terrorism, as the challenges that faced Iraq are less than those faced by another country or people.

H.E. called for the advancement of Iraqi reality and the manufacture of success stories to confront projects that want to undermine Iraq's status and reputation and the sacrifices of its people, indicating the nature of the challenge of terrorism and how the Sufficiency Jihad Fatwa turned the scales so that the terrorists themselves were in awe by the Fatwa and its impact.

H.E. indicated the lack of balance left by the recent elections in terms of the number of votes and seats, in addition to the turnout of the voters' numbers. H.E. reiterated his vision that there are opportunities for success for the current government, and called for positivity and unity of stance and word.
