

Sayyid Al-Hakeem: Iraq is now beyond the difficult challenges phase, unnoticed achievements due to citizen's daily concerns

In southern Baghdad, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met a group of sheiks and dignitaries of the dear Emirate of Bani Ka'ab, led by Sheikh Haider Mutlak Abdulsahib Al-Ka'abi and Dear Brother Hajj Sabah Al-Ka'abi on 21/2023. His Eminence recalled the common history they shared in fighting dictatorship, facing terrorism, and building the Iraqi democratic experience, while also congratulating them on the advent of Holy Ramadan.

H.E. referred to Iraq's role in the march of history and its centrality in the movement of mankind, stating that the challenges experienced by Iraq come from its position and role in the movement of history.

H.E. also said that Iraq had overcome many challenges, including political, social, and security challenges, and stressed that there had been development at all levels, but that it was unnoticed due to daily concerns of life.

H.E. called to abandon the language of pessimism and replace it with the language of positivity and optimism. There are major achievements that deserve to be highlighted and spoken of, although they are not at the level of expectations and ambition, in addition to the significant regional and international roles played by Iraq and its position in the energy market due to its oil exports and future projects.
