

Sayyid Al-Hakeem: inevitable relation between injustice and Allah's revelations denial

On the sixth Ramadan lecture on 3/4/2023, Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, continued his speech on the Letter of Rights of Imam Zayn Al-Abidin bin Ali bin Al-Hussein "PBUT" and reached the metaphorical meaning of the hand. His Eminence illustrated that one of the acts of hand is injustice, referring to the vision of the Holy Quran and the testaments of injustice as themes and details on one hand, and individuals and groups on the other.

And resuming his research in the testaments of injustice on individuals and groups, H.E. stated "We find the Holy Quran speaks of the people of Thamud when they denied the revelations of their brother, the Prophet of Allah Salih, and called them as unjust. As well as the people of Midian and the prophet of Allah Shuaib and how they abandoned worshipping Allah and unbalanced the scale". H.E. indicated the inevitable relation between the wrath of Allah and denying his revelations and the miracles of his prophets, indicating that Allah Almighty hasn't sent many visible revelations to the nation of our prophet Mohammed "May Allah bless him and his family and grant them peace" so it can't be falsified and wouldn't be treated the way of the nations before them.

H.E. added, "One of the testaments of the injustice of individuals and groups was when the People of Saba haven't thanked the blessings of Allah, they received the wrath of separation as said the Holy Quran".
