

Sayyid Al-Hakeem: fighting corruption starts by cutting them off

Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met several Sheiks and dignitaries of AL-Fartous clan on Saturday, 10/6/2023, at the host of Sheikh Haseeb Farhan Al-fartoussi.

His Eminence stated the challenges faced by Iraq in the previous stage at the security, social, and political levels and the ability of Iraqis to face all these challenges with wisdom, firmness, and patience, indicating that Iraq is not measured compared to others but measured by itself, the reality of Iraq today is better than yesterday.

His Eminence stressed that the return of communal harmony is one of the most important achievements achieved, in addition to security and political stability, calling to view the 25th Gulf Cup with its social dimension, where Iraq's presence in Basra governorate is without any sensitivity.

His Eminence stressed that the fight against corruption begins by blocking the way of the corrupt through automation, clarity, transparency, and reducing bureaucracy, pointing to the regional openness to the development road project, indicating that it is another reading guide for the recovery of Iraq, as the interlock of interests with Iraq will make its stability part of the national security of the countries of the region and the world.
