

Sayyid Al-Hakeem: targeting is the responsibility and confrontation's tax

Sayyid Ammar Al-Hakeem, head of Al-Hikma National Movement, met with the leaders of Organizational Leaders of Al-Hikma National Movement in the Capital Baghdad, Al-Karkh District 17/6/2023, and thanked them for their position and stand in defending the project and illustrated that being up to responsibility always comes with targeting, and one must be able to pay the tax. His Eminence called for the work to be devoted to Allah Almighty, as any work where Allah's consent is present is good work, and we must go after it and hold on to it. This is because serving his worshippers is the shortest way to Allah's consent.

His Eminence called to adhere to the moderation and centrism project without giving it up for immediate gains. Moderation speech is now common due to adhering and insisting; now you have the lead.

His Eminence indicated the Al-Hikma National Movement's special relationship with everyone from inside and outside. H.E. affirmed the proportional relationship between the presence of Al-Hikma and the regulation of the country's situations, and this can be read through the previous era.
