Sayyid Al-Hakeem: Moderation, Centrism Project Most Suited to Confront Challenges, Build Future

His Eminence Sayyid Al-Hakeem, Head of the National State Powers' Alliance, met with the organizational leadership of Al-Hikma National Movement in Baghdad, in a gathering that brought together a select group of cadres and field leaders.

At the opening of the meeting, H.E. congratulated those present on the occasion of the blessed Eid Al-Ghadeer, calling on them to prepare for the commemoration of the martyrdom of the Master of Martyrs Imam Hussein (PBUH) in the grand mourning observance. H.E. explained that Eid Al-Ghadeer marks the occasion of the political guardianship of Ahl Al-Bayt (PBUT), that the message of Ashura is a message of reform for the entire nation, and that those working within this project must dedicate their work sincerely to Allah Almighty.

On the political and organizational front, H.E. stressed the necessity of holding firmly to the Al-Hikma project, affirming that it proves day after day to be the optimal and most effective solution for addressing Iraq's problems – particularly on the economic front, which demands the adoption of a path of moderation and centrism to strengthen confidence with partners and attract investments to the country.

H.E. also stressed the necessity of activating field presence in the areas, tending to people's needs, supporting dedicated competencies, and working to expand circles of public and private influence, calling for all work to serve as a preparation for the reappearance of the Imam of our time (may Allah hasten his noble return).

H.E. closed the meeting by affirming the importance of attention to Husseini gatherings and support for the Master of Martyrs (PBUH).
